"I have hired Fran Fahey of Fran's Fine Editing to help me with marketing my Web Design company. She has rewritten the home page and services page of my website, [www.kathymackey.com](http://www.kathymackey.com) , and I have used her web copywriting services for several of my customers. I am thrilled with the results and look forward to working with Fran again."

"I recently had the opportunity to have Fran create some letters and invoices for me. She went above and beyond my expectations. The letters were worded in such a way that I am very confident in sending them out, knowing my message is very clear and professional. Fran also co-ordinated my invoices and letters to match my business card colors. How creative !!! I feel that anyone who is looking to get a message out and needs some help in achieving that...Fran Fahey is the go to person. And you can't beat the price."

"Fran has proven to be a tremendous asset to the Women's Business Network of Southeastern Massachusetts. In her role as secretary to this group, Fran designed and maintains our [website](#), and is responsible for accurate record keeping and composition of minutes and other communications for our group. I have also hired Fran as the technical writer for one of my clients. She was able to transform a bunch of loose information into beautifully written biography and informational text for this client's website. Fran is a fantastic listener and very easy to work with. I highly recommend Fran to anyone who requires assistance with their writing for websites, blogs, resumes, and more."
